Dear Colleagues and Professionals,

We are excited to invite you to participate in the 4<sup>th</sup> International Conference on Cancer Rehabilitation, CANREHAB 2026, a premier multidisciplinary onco-rehabilitation conference that brings together experts, researchers, and practitioners from across the globe.

Tata Memorial Hospital stands as a premier institution dedicated to cancer care, research, and education. Our multidisciplinary team—comprising medical social workers, physiotherapists, psycho-oncologists, dietitians, audiologists, speech-language pathologists, enterostomal therapists, and occupational therapists—has worked diligently to shape and advance this collaborative platform.

Building on the momentum of previous three CANREHAB conferences, the 4th International Conference will be held under the theme: "Expanding Horizons, Enhancing Evidence, and Empowering Lives."

Over the years, the last three CANREHAB conferences have established themselves as a cornerstone in the field of cancer rehabilitation. These events have successfully brought together a diverse, multidisciplinary community of experts, researchers, and practitioners dedicated to advancing rehabilitation care for cancer survivors. Through dynamic workshops, insightful symposia, and collaborative discussions, CANREHAB has fostered innovation, enhanced clinical skills, and promoted evidence-based practices across various rehabilitation disciplines.

We are organizing focused workshops and symposia tailored to each discipline within the rehabilitation ecosystem.

CANREHAB 2026 is a multidisciplinary onco-rehabilitation conference that brings together leading voices in cancer rehabilitation from diverse specialties such as a medical social worker, physiotherapist, psycho-oncologist, dietitian, audiologist, speech-language pathologist, enterostomal therapist, occupational therapist, or from any allied rehabilitation discipline. Your participation would greatly enrich the event and contribute to advancing this important field.

Warm regards,  
Conference Secretariat
